

HEALTHCARE PROPERTY SAFETY & TRAFFIC MANAGEMENT

PRODUCT OVERVIEWS

ATS Traffic has over 55 years of experience providing safety and security to the public. Vehicle and pedestrian traffic needs to be controlled to maintain the safety and efficiency of your facility. ATS Traffic offers local support while providing a variety of highly visible, durable products to ensure your facility is operating properly.

Wayfinding and Signage

As a certified 3M manufacturer, ATS Traffic creates custom, professional wayfinding signage that excels at guiding and managing traffic flow. Well-designed and placed wayfinding prevents confusion, increases efficiency and ensures direction and orientation is clear during emergencies

Parking Lots

Parking management is essential to preventing congestion and accidents. ATS Traffic offers a suite of parking solutions and products. We provide consultation, design, installation and maintenance services alongside a large selection of products.

Pedestrian Safety Management

ATS Traffic is partnered with Plasticade to provide high-quality, durable plastic products that help manage large crowds and foot traffic. Ranging from cones and drums to barricades and fences. Pedestrian control is vital to keeping public spaces clear and accessible.

Pavement Markings

ATS Traffic recommends Geveko's suite of thermoplastic and cold plastic products for quick and easy marking and application. Heavy-duty material designed to withstand high traffic use and harsh weather, creating clear visible markings on pavement and asphalt wherever you need it.
