

From Procurement to Performance

Effortless public sector procurement. Relentless innovation. Results that move Canada forward.

Group Purchasing for Canada's Broader Public Sector

Becoming a Kinetic GPO member empowers Canadian Broader Public Sector entities to drive efficiency, effectiveness, and real savings—accessing world-class procurement resources and solutions with ease. Through CFTA-compliant contracting, members gain direct access to Trane Canada's full portfolio of innovative equipment, digital solutions, and connected services, designed to help your buildings thrive.

Kinetic GPO amplifies your purchasing power—enabling you to unlock Trane's industry-leading energy-efficient systems, digital building intelligence (including AI, building automation, and CMSAs), rentals, and expert lifecycle support. Our shared mission is to collaborate with public sector organizations across Canada to reduce energy consumption, accelerate sustainability, and create healthier, more resilient communities.

With Trane, you don't just imagine better buildings—you build them, and help communities across Canada thrive.

Why Choose Group Purchasing with Trane and Kinetic GPO?

- 1 Speed & Simplicity**
Competitively sourced agreements, awarded with best public procurement practices—saving your team time, effort, and money.
- 2 Canadian Focus**
Local teams. Local expertise. Solutions built for our climate.
- 3 Maximum Value**
Competitive rates, full compliance, best-in-class technology and support.

Whether you're upgrading a school, modernizing a municipal building, or managing multiple facility types, this group purchasing contract provides a **single-source solution for design, equipment, installation, and long-term support.**

Kinetic GPO: Fair, Open, and Transparent

Unlocking better buildings for Canadian communities is simple with Kinetic GPO. Our group purchasing contracts are competitively solicited and awarded based on best value, ensuring transparency and accessibility for all public sector members. We follow rigorous best practices to deliver straightforward, compliant solutions across a wide range of categories.

Kinetic GPO contracts help public procurement officials save time and money, providing maximum value while maintaining full compliance with Canadian trade agreements, the Canadian Free Trade Agreement (CFTA), and the Broader Public Sector (BPS) Procurement Directive.

Providing Solutions That Deliver Results

At Trane, we take a holistic, partnership-driven approach—helping Canadian communities imagine, build, and thrive. Our innovative solutions and expert guidance enhance building performance, reduce operating costs, and advance your long-term efficiency and sustainability goals. Whether you need digital intelligence, energy-saving technology, or turnkey support, we tailor our approach to your unique facility needs—empowering you to breathe life into your buildings, today and for the future.

Commercial HVAC Systems

Chillers, heat pumps, packaged and split systems, air handlers, terminal devices, ductless, and VRF solutions—all optimised for Canadian climates.
