

HVAC Systems and Energy Services

The entire portfolio of Trane equipment and services is available to members of Kinetic GPO under Canadian Free Trade Agreements (CFTA) compliant contracting terms that save time and money.

Trane Solutions

HVAC Systems — Scalable system solutions for maintaining ideal temperature, humidity and CO²

Optimized Equipment — DX, Unitary, Air Handling, Terminal and Chilled Water Systems

Building Automation Systems — Making precise control easier, mobile and data-rich

Intelligent Services™ — Monitoring and analytics to optimize your building and minimize unexpected downtime

Energy Services — Managing your energy supply and demand to reduce cost, optimize performance and improve sustainability

Building Services — Reliable, preventative and proactive scheduled maintenance and repair by factory trained technicians

Rental Systems — Promptly provides temporary, scalable HVAC and power from standard applications to complex solutions

Parts & Supplies — High performance OEM and wholesale parts and supplies to install and keep your HVAC systems running

Four Ways Trane Helps You Build Confidence, Resilience and Sustainability

1 System Startup
Ensure building systems work right from the start

3 Remote Services
A second set of eyes to ensure optimal performance

2 IAQ Assessment
Indoor air quality is more important than ever

4 Energy Checkup
Pinpoint inefficiencies to lower operating costs
