

Protecting What Matters Most

Garland's new Defense Force line of high-performance products is the first step in protecting what matters most. These innovative products are designed to either clean, disinfect and/or protect commercial facilities while also helping combat sick building syndrome. Available for use on your building's exterior and surrounding areas, these safe and environmentally conscious products provide powerful protection for the health of your building.

Defense Force Products

D7™

Safe and Effective Disinfectant

- Kills bacteria, fungi, germs and viruses in minutes
- Has demonstrated effectiveness against viruses similar to the coronavirus/COVID-19*
- Can be applied to hard, non-porous interior and exterior surfaces, including buildings, roofs, sidewalks, playgrounds and more
- Specialized formula penetrates and eliminates pathogenic bacteria, sanitizing down to the molecular level

CLEAR-SHIELD™

Water-Based Roof Surface Solution

- Clear acrylic water-based solution protects a roof's existing surface
- Includes EPA-registered antimicrobial products that, in turn, protect the coating itself
- Locks in minerals to aid in roof preservation on mineral-surfaced roofs
- Can be sprayed or roller applied to gravel/mineral-surfaced modified bitumen and single-ply roofs

CLEAN-SHIELD™

Concrete & Masonry Cleaner

- Safely and effectively cleans, brightens and restores a variety of masonry surfaces
- Penetrates the surface to remove contaminants and deposits like hard water stains, efflorescence, dirt, algae, rust and other hard to remove contaminants
- Biodegradable, nontoxic and non-corrosive, leaving behind only a cleaner and brighter surface
- Can be used on concrete, brick, stone, aggregate and block surfaces

More to Come

Additional products will be added to the Defense Force line. Stay tuned for details!

**D7 can be used against COVID-19 when used in accordance with the directions for use against Norovirus.*
