- advanced system integration
- and more

School Specialty is a proud national partner of Kinetic GPO.

Visit SchoolSpecialty.ca/Kinetic to learn more about all the benefits this partnership provides.

Kinetic is a Group Purchasing Organization (GPO) that helps Canadian Public Sector entities realize savings through leveraging purchasing volumes.

Kinetic GPO actively manages contracts throughout their term. They monitor key performance indicators, as well as provide ongoing education for suppliers to ensure they are operating in compliance with the terms and conditions of the contract.

Kinetic collects an administrative fee from its suppliers based on purchases made from contracts by its members.

That means membership is free and allows public sector entities to redirect valuable time & resources back in to their organization.

Group Purchasing Organizations (GPO) are widely used in Canada especially in the medical, health and education sectors.

Kinetic is advancing the purchasing power of entities across Canada by taking what has worked, expanding on those strategies and offering its portfolio to a full range of Public Sector and MASH entities (MASH includes Municipalities, Academic institutions, Schools and Health and social services organizations).

Classroom & Office Supplies, Teaching Aides

- All the supplies, resources and materials educators need most for school and classroom.
- Exclusive, proprietary supply brand School Smart; quality products at budget-friendly prices.
