PART 1 – INVITATION AND SUBMISSION INSTRUCTIONS

1.1 Invitation to Respondents

This non-binding Request for Standing Offers (“**RFSO**”) is an invitation by Kinetic GPO (“**Kinetic**”) to interested suppliers to qualify for the opportunity to sign a standing offer agreement (for the supply of Athletic Sports Surfaces, Installation and Related Materials to Kinetic members (“**GPO Members**” or “**Members**”) as further described in Exhibit A (Statement of Work) to this RFSO.

The intent of this solicitation is to establish one or more contracts that include a comprehensive product offering with one or more suppliers that can accommodate a nationwide demand for Athletic Sports Surfaces, Installation and Related Materials and to fulfill obligations as nationwide suppliers to GPO Members as further specified herein.

Each contract shall be based on the Master Agreement, a draft of which is attached as Exhibit B, (“**Master Agreement**”) that includes the terms of the Standing Offer Agreement. It is Kinetics’ intention to contract with at least one qualified supplier and, if deemed to be in the best interest of Kinetics’ Members, Kinetic may contract with more than one supplier. Each Master Agreement shall be for a term of three (3) years plus two (2) optional years.

1.2 Background and RFSO Summary

Kinetic was established in 2017 to provide its private and public-sector Members with greater value for money in purchasing by (a) leveraging their collective purchasing power and (b) enhancing their operational efficiencies in purchasing and contract management. For more on Kinetic GPO please visit www.kineticgpo.ca.

Kinetic intends to execute a Master Agreement with the successful bidder(s) (“**Respondent(s)**”). Each Master Agreement will include the terms of the standing offer agreement (“**Standing Offer Agreement**”) that serves as the basis for the purchase of products or services by GPO Members.

Only submissions (“Proposals”) submitted by the Submission Deadline (set out below) will be evaluated. The evaluation of Proposals shall be done in accordance with the evaluation process as set out in this RFSO.

Based on the evaluation of Proposals, the highest ranked Respondent(s) will be invited to enter into negotiations based on the terms of the Master Agreement which agreement will, when signed, govern the relationship between Kinetic and the Supplier(s) and establish the Standing Offer Agreement. For greater certainty, Kinetic will not entertain any changes to the non-negotiable terms of the Master Agreement after the Deadline for Questions unless an addendum has been issued in accordance with section 3.2.2 and prior to the Submission deadline.

Following the execution of the Master Agreement by Kinetic and the successful Respondent (s), (the “**Supplier**”), the Standing Offer Agreement will be made available to the GPO Members for the purchase of Athletic Sports Surfaces, Installation and Related Materials from Supplier(s). Kinetic will actively promote and market Supplier’s offering as part of Kinetics’ promotional activities among its existing and future GPO Members across Canada.

Promotion of Supplier Contracts

Kinetic works very closely with suppliers to help build the business relationship. Kinetic promotes its contracts by attending various conferences, working with suppliers on marketing material, assisting in mail and email campaigns, offering webinars and onsite training sessions for supplier representatives, conducting learning workshops that suppliers and prospective members can attend at no charge, and Kinetic has a dedicated Business Development Manager whose role is to work with the suppliers to open up opportunities.

Kinetic's Business Development team has developed a Supplier welcome package that includes information sessions to educate Supplier's sales force on marketing strategies, a kickoff meeting, and shared marketing material and promotional items.

During the education of the sales force, Kinetic's Business Development team gathers information on the top 5 agencies the Supplier's sales force would like to gain business with or increase current business with. This information is then used to give Kinetic's Business Development team a goal to work towards with the Supplier: Increasing white space (accounts that the Supplier has, but would like to grow) and secure new business.

Kinetic also partners with Suppliers through marketing campaigns with joint marketing material (brochures, post cards, mailers, magazines, websites, etc.), attending conferences with shared booths, and host/attend sales calls or in person meetings with other Supplier partners or Members.

Kinetic's Supplier Partners work together to mutually gain business by helping their current accounts become Kinetic Members and directing them towards another Supplier's Kinetic Contract where a need is recognized that the Supplier Partner cannot themselves fulfil.

PART 2 – EVALUATION AND SELECTION PROCESS

2.1 Stages of Evaluation

Kinetic will conduct the evaluation of Proposals submitted by the Submission Deadline in the following stages:

2.2 Stage I – Mandatory Submission Requirements

Kinetic will review the Proposals to determine whether the mandatory requirements set out in Exhibit C (Evaluation Process) to this RFSO have been met. Questions or queries on the part of Kinetic as to whether a Proposal has met the requirements will be subject to the verification and clarification process set out in this document.

Stage I will consist of a review to determine which Proposals comply with all of the mandatory submission requirements.

If a Proposal fails to satisfy all of the mandatory submission requirements, Kinetic will issue the Respondent a rectification notice identifying the deficiencies and providing the Respondent an opportunity to rectify the deficiencies.

If the Respondent fails to satisfy the mandatory submission requirements within the Rectification Period (as defined above in under the RFSO Timetable), its Proposal will be excluded from further consideration. The Rectification Period will begin on the date and time that Kinetic issues a rectification notice to the Respondent.

The mandatory submission requirements are set out in Exhibit C (Evaluation Process).

2.3 Stage II – Evaluation

Kinetic will evaluate each qualified Proposal on the basis of the rated criteria as set out in the Exhibit C (Evaluation Process) (the “**Rated Requirements**”).

Evaluation and scoring of each Proposal satisfying the mandatory requirements will be done on the basis of Rated Requirements set out in Exhibit C (Evaluation Process).

Each Proposal will be awarded points based on the information responding to the Rated Requirements.

Where contradictory information or information that contains conditional statements is provided with respect to a requirement, Kinetic will, in its sole and absolute discretion, determine whether the Proposal complies with the requirements, and may seek clarification from the Respondent. Contradictory or missing information may result in the Proposal receiving a low score for that particular Rated Requirement.

Proposals that do not respond to a particular Rated Requirement, are left blank or contain a Proposal that is not applicable will receive a zero (0) point score for that requirement. Where the evaluation team cannot reasonably find Proposals to a Rated Requirement, a zero (0) point score will be assessed for that Rated Requirement.

Submissions that receive a minimum technical score of 70% will move on to a Financial Evaluation. Financials will be evaluated on a pass or fail basis. A pass will be at the sole discretion of Kinetic.

The Proposal to each Rated Requirement should:

- Be complete (bullet point format is acceptable);
- Be concise and factual; and
- Demonstrate the Respondent's understanding of GPO Members' business needs by providing answers validating its capabilities.

2.4 The Evaluation Team

An evaluation team comprised of representatives of Kinetic will evaluate the Proposals. Kinetic reserves the right to use the services of outside consultants and other resources, in the evaluation of the Proposals. Such consultants and resources will be required to hold Proposals in strict confidence.

2.5 Selection

Based on the evaluation of the Proposals as described in **Stage II - Evaluation** the Respondent(s) that achieve the highest score(s) (Technical + a Pass on the Financials) as set out in Exhibit C (Evaluation Process) will be selected to enter into negotiations of a Master Agreement for the establishment of a Standing Offer agreement which negotiation shall be based on the terms and conditions of the Respondent's responses to the negotiable provisions of the Master Agreement attached as Exhibit B.

Kinetic reserves the right, in its sole discretion, to invite a second highest ranked Respondent to enter into negotiations of a Master Agreement where it is determined that having more than one

supplier under contract is in Kinetics' Members' best interest. Reasons such a decision may be made include: (a) to expand the breadth of products available to Members; (b) expand the manufacturers whose products are made available, (c) expand the geographic area coverage.

2.6 Notification

The successful Respondent(s) will be notified by Kinetic in writing.

2.7 Negotiation of Master Agreement

The successful Respondent(s) will be invited to review the terms of the Master Agreement and if agreement can be reached on the terms, the parties shall execute a Master Agreement

2.8 Unsuccessful Negotiation

If for any reason Kinetic determines that it is unlikely to reach complete agreement with the successful Respondent(s), Kinetic may discontinue the discussions with the successful Respondent(s) and proceed in any manner that Kinetic may decide, in consideration of its and its Members' best interests including without limitation inviting one of the other Respondents to enter into discussions to conclude a Master Agreement, commencing with the Respondent having the second highest combined score and so forth.

No head or cross seams will be allowed, except as required for inlaid fabric striping or to accommodate programmed cutouts.

All seams shall be flat, tight and permanent with no separation or fraying. Inlaid markings shall be adhered to a special tape with a two-part, high strength polyurethane adhesive applied per the manufacturer's standard procedures for outdoor applications.

Infill materials shall be properly applied in numerous thin lifts using special broadcasting equipment to produce a layered system of recycled SBR rubber particles. The turf shall be raked and brushed properly as the mixture is applied. The infill material shall be installed to a depth of about 1.75 inches in order to achieve specified Gmax requirements. ARTICLE 2 – GENERAL TERMS

2.01 **No Indemnities from the Purchaser**

Notwithstanding anything else in the Purchase Agreement, any express or implied reference to the Purchaser providing an indemnity or any other form of indebtedness or contingent liability that would directly or indirectly increase the indebtedness or contingent liabilities of the Purchaser beyond the obligation to pay the Rates in respect of Deliverables accepted by the Purchaser, whether at the time of entering into the Purchase Agreement or at any time during the Term, shall be void and of no legal effect.

2.02 **Entire Contract**

The Purchase Agreement embodies the entire agreement between the parties with regard to the provision of the Deliverables and supersedes any prior understanding or agreement, collateral, oral or otherwise with respect to the provision of the Deliverables, existing between the parties at the Effective Date of the Purchase Agreement.

2.03 **Severability**

If any term or condition of the Purchase Agreement, or the application thereof to the parties or to any Persons or circumstances, is to any extent invalid or unenforceable, the

remainder of the Purchase Agreement, and the application of such term or condition to the parties, Persons or circumstances other than those to which it is held invalid or unenforceable, shall not be affected thereby.

2.04 Failure to Enforce Not a Waiver

Any failure by the Purchaser to insist in one or more instances upon strict performance by the Supplier of any of the terms or conditions of the Purchase Agreement shall not be construed as a waiver by the Purchaser of its right to require strict performance of any such terms or conditions, and the obligations of the Supplier with respect to such performance shall continue in full force and effect.

2.05 Changes by Written Amendment Only

Any changes to the Purchase Agreement shall be by written amendment signed by the parties. No changes shall be effective or shall be carried out in the absence of such an amendment. Any such written changes shall be included in the definition of Purchase Agreement.

Neither party shall be liable for damages caused by delay or failure to perform its obligations under the Purchase Agreement where such delay or failure is caused by an event beyond its reasonable control. The parties agree that an event shall not be considered beyond one's reasonable control if a reasonable business person applying due diligence in the same or similar circumstances under the same or similar obligations as those contained in the Purchase Agreement would have put in place contingency plans to either materially mitigate or negate the effects of such event. Without limiting the generality of the foregoing, the parties agree that force majeure events shall include natural disasters and acts of war, insurrection and terrorism but shall not include shortages or delays relating to supplies or services. If a party seeks to excuse itself from its obligations under the Purchase Agreement due to a force majeure event, that party shall immediately notify the other party of the delay or non-performance, the reason for such delay or non-performance and the anticipated period of delay or non-performance. If the anticipated or actual delay or non-performance exceeds fifteen (15) Business Days, the other party may immediately terminate the Purchase Agreement by giving notice of termination and such termination shall be in addition to the other rights and remedies of the terminating party under the Purchase Agreement, at law or in equity.

In the event of a postal disruption, notices must be given by personal delivery or by email. Unless the parties expressly agree in writing to additional methods of notice, notices may only be provided by the methods contemplated in this paragraph.

2.08 Governing Law

The Purchase Agreement shall be governed by and construed in accordance with the laws of the province or territory in which the Purchaser is located and the federal laws of Canada applicable therein.

ARTICLE 3 – NATURE OF RELATIONSHIP BETWEEN PURCHASER AND SUPPLIER

3.01 Supplier's Power to Contract

3.05 Responsibility of Supplier

The Supplier agrees that it is liable for the acts and omissions of its directors, officers, employees, agents, partners, affiliates, volunteers and subcontractors. This paragraph is in addition to any and all of the Supplier's liabilities under the Purchase Agreement and under the general application of law. The Supplier shall advise these individuals and entities of their obligations under the Purchase Agreement and shall ensure their compliance with the applicable terms of the Purchase Agreement. In addition to any other liabilities of the Supplier pursuant to the Purchase Agreement or otherwise at law or in equity, the Supplier shall be liable for all damages, costs, expenses, losses, claims or actions arising from any breach of the Purchase Agreement resulting from the actions of the above mentioned individuals and entities. This paragraph shall survive the termination or expiry of the Purchase Agreement.

3.06 No Subcontracting or Assignment

Unless specifically authorized under the Standing Offer, the Supplier shall not subcontract or assign the whole or any part of the Purchase Agreement or any monies due under it. Where authorized, every contract entered into by the Supplier with an authorized subcontractor shall adopt all of the terms and conditions of the Purchase Agreement as far as applicable to those parts of the Deliverables provided by the subcontractor. Nothing contained in the Purchase Agreement shall create a contractual relationship between any subcontractor or its directors, officers, employees, agents, partners, affiliates or volunteers and the Purchaser.

3.07 Duty to Disclose Change of Control

In the event that the Supplier undergoes a change in control the Supplier shall immediately disclose such change in control to the Purchaser and shall comply with any terms and conditions subsequently prescribed by the Purchaser resulting from the disclosure.

If any of the Deliverables, in the opinion

of the Purchaser, are inadequately provided or require corrections, the Supplier shall forthwith make the necessary corrections at its own expense as specified by the Purchaser in a rectification notice.

4.03 Compliance with Laws

Without limiting the generality of section 4.02, the Supplier warrants and agrees that it has complied with and will comply with, and ensure that any subcontractors comply with, all applicable provincial and federal laws and regulations in relation to the goods and services to be supplied hereunder and in the performance of the Supplier's obligations under the Purchase Agreement. The Supplier shall provide the Purchaser with evidence of the Supplier's compliance with this section upon request by the Purchaser.

4.04 Shipment of Goods

To the extent that the Deliverables include the shipment of goods to the Purchaser, all such goods shall be Delivered Duty Paid (DDP) (Incoterms 2010) to the Purchaser's place of business or such other location as may be specified in the Purchase Agreement. No transportation or delivery charges of any kind, including, without limitation, packing, boxing, storage, cartage or customs brokerage charges, shall be paid by the Purchaser, unless specifically agreed by the Purchaser in writing. The Deliverables will be suitably packed in such a manner as will ensure their safe transportation undamaged to their destination. The Deliverables will remain at the risk of the Supplier until the Deliverables are received by the Purchaser. Receipt of the Deliverables at the Purchaser's location does not constitute acceptance of the Deliverables by the Purchaser. The Deliverables are subject to the Purchaser's inspection and acceptance within a reasonable period of time after delivery. If any of the Deliverables, in the opinion of the Purchaser, are inadequately provided or require corrections, the Supplier shall make the necessary corrections at its own expense as specified by the Purchaser in a rectification notice.

4.05 Use and Access Restrictions

The Supplier acknowledges that unless it obtains specific written preauthorization from the Purchaser, any access to or use of the Purchaser property, technology or information that is not necessary for the performance of its contractual obligations with the Purchaser is strictly prohibited. The Supplier further acknowledges that the Purchaser may monitor the Supplier to ensure compliance with this paragraph. This paragraph is in addition to and shall not limit any other obligation or restriction placed upon the Supplier.

4.06 Notification by Supplier of Discrepancies

During the Term, the Supplier shall advise the Purchaser promptly of: (a) any contradictions, discrepancies or errors found or noted in the Purchase Agreement; (b) supplementary details, instructions or directions that do not correspond with those contained in the Purchase Agreement; and (c) any omissions or other faults that become evident and should be corrected in order to provide the Deliverables in accordance with the Purchase Agreement and Requirements of Law.

4.07 Supplier to Comply with Reasonable Change Requests

The Purchaser may, in writing, request changes to the Purchase Agreement, which may include altering, adding to, or deleting any of the Deliverables. The Supplier shall comply with all reasonable Purchaser change requests and the performance of such request shall

be in accordance with the terms and conditions of the Purchase Agreement. If the Supplier is unable to comply with the change request, it shall promptly notify the Purchaser and provide reasons for such non-compliance. In any event, any such change request shall not be effective until a written amendment reflecting the change has been executed by the parties.

4.08 Pricing for Requested Changes

Where a Purchaser change request includes an increase in the scope of the previously contemplated Deliverables, the Purchaser shall set out, in its change request, the proposed prices for the contemplated changes. Where the Rates in effect at the time of the change request (a) include pricing for the particular type of goods or services contemplated in the change request, the Supplier shall not unreasonably refuse to provide those goods or services at prices consistent with those Rates; or (b) are silent to the applicable price for the particular goods or services contemplated in the change request, the price shall be negotiated between the Purchaser and the Supplier within a reasonable period of time and in any event, such change request shall not become effective until a written amendment reflecting the change has been executed by the parties.

4.09 Performance by Specified Individuals Only

The Supplier agrees that to the extent that specific individuals are named in the Purchase Agreement as being responsible for the provision of the Deliverables, only those individuals shall provide the Deliverables under the Purchase Agreement. The Supplier shall not replace or substitute any of the individuals named in the Purchase Agreement without the prior written approval of the Purchaser, which may not arbitrarily or unreasonably be withheld. Should the Supplier require the substitution or replacement of any of the individuals named in the Purchase Agreement, it is understood and agreed that any proposed replacement must possess similar or greater qualifications than the individual named in the Purchase Agreement. The Supplier shall not claim fees for any replacement individual greater than the Rates established under the Purchase Agreement.

4.10 Time

Time is of the essence.

4.11 Purchaser Rights and Remedies and Supplier Obligations Not Limited to Contract

The express rights and remedies of the Purchaser and obligations of the Supplier set out in the Purchase Agreement are in addition to and shall not limit any other rights and remedies available to the Purchaser or any other obligations of the Supplier at law or in equity.

The Purchaser may hold back payment or set off against payment if, in the opinion of the Purchaser acting reasonably, the Supplier has failed to comply with any requirements of the Purchase Agreement.

5.03 No Expenses or Additional Charges

There shall be no other charges payable by the Purchaser under the Purchase Agreement to the Supplier other than the Rates established under the Purchase Agreement.

5.04 Payment of Taxes and Duties

Unless otherwise stated, the Supplier shall pay all applicable taxes, including excise taxes incurred by or on the Supplier's behalf with respect to the Purchase Agreement. The Supplier is responsible for knowing the tax laws applicable in each province and territory.

5.05 Withholding Tax

The Purchaser shall withhold any applicable withholding tax from amounts due and owing to the Supplier under the Purchase Agreement and shall remit it to the appropriate government in accordance with applicable tax laws. This paragraph shall survive any termination or expiry of the Purchase Agreement.

5.06 Interest on Late Payment

If a payment is in arrears through no fault of the Supplier, the interest charged by the Supplier, if any, for any late payment shall not exceed the Bank of Canada's prime rate, in effect on the date that the payment went into arrears.

5.07 Document Retention and Audit

For seven (7) years after the Expiry Date or any date of termination of the Purchase Agreement, the Supplier shall maintain all necessary records to substantiate (a) all charges and payments under the Purchase Agreement and (b) that the Deliverables were provided in accordance with the Purchase Agreement and with Requirements of Law. During the Term, and for seven (7) years after the Term, the Supplier shall permit and assist the Purchaser in conducting audits of the operations of the Supplier to verify (a) and (b) above. The Purchaser shall provide the Supplier with at least ten (10) Business Days prior notice of its requirement for such audit. The Supplier's obligations under this paragraph shall survive any termination or expiry of the Purchase Agreement.

ARTICLE 6 – CONFIDENTIALITY

6.01 Confidentiality and Promotion Restrictions

Any publicity or publications related to the Purchase Agreement shall be at the sole discretion of the Purchaser. The Purchaser may, in its sole discretion, acknowledge the Deliverables provided by the Supplier in any such publicity or publication. The Supplier shall not make use of its association with the Purchaser without the prior written consent of the Purchaser. Without limiting the generality of this paragraph, the Supplier shall not, among other things, at any time directly or indirectly communicate with the media in relation to the Purchase Agreement unless it has first obtained the express written authorization to do so by the Purchaser.

6.02 Supplier's Consent to Disclosure

Respondents should set out the information that is listed in the order in which it will be evaluated as set out below. Respondents are encouraged to provide as much detail as possible to maximize points and allow Kinetic to evaluate their Proposals.

Financial Evaluation - Market Basket

Products/Pricing (250 Points)

Pricing for Market Basket top 10 items (20 points per item)

Respondent to provide a list of any additional charges, and applicable fees (state charges or indicate not applicable). Calculations will be done in a similar manner as pricing in order to determine the lowest price and the associated score and in accordance with Exhibit A – Statement of Work. — 50 points

The Respondent is deemed to confirm that it has prepared its Proposal with reference to all of the provisions of the RFSO, that it has factored all of the provisions of the Agreement, if any, into its pricing assumptions, calculations and into its proposed prices.

Each Market Basket category will be evaluated and scored using a relative formula (i.e. by dividing that supplier's base auction service fee price into the lowest price bid) for proposed prices.

The table below illustrates how points will be calculated for proposed prices for each Market Basket item that is selected by Kinetic to form the evaluated "Market Basket".

Example of pricing for common item		
Proposed Prices	Calculation	Resulting Multiplier
If Respondent A proposes the lowest price of \$1.00 that Respondent will receive 100% of the possible points	$\$1.00 \div \$1.00 \times 100\%$	1
If Respondent Q bids the second lowest price of \$1.25 they will receive 80% of the possible points	$\$1.00 \div \$1.25 \times 80\%$.64
If Respondent J bids the third lowest price of \$2.00, they will receive 50% of the possible points	$\$1.00 \div \$2.00 \times 50\%$.25

The resulting financial evaluation scores for all Market Basket items will be totalled for each Respondent and added to the total technical score to determine a total overall score.
